

Consider...

COMPOSTING

Composting your yard waste is a cheap nutritious fertilizer.

To learn more, visit: <https://www.epa.gov/recycle/composting-home>

MULCHING

Mulching with lawn clippings saves time and energy while improving the status of your lawn.

Learn more at: <https://www.epa.gov/watersense/landscaping-tips>

RECYCLING

Scrap materials or yard waste can be recycled or reused into other projects.

DONATING

If you have items that are still in working condition, please consider donating them to a local collection organization such as:

Salvation Army
1228 E Main St. Havelock, NC

Goodwill
560 McCarthy Blvd. New Bern, NC

Habitat for Humanity - Restores
5898 Highway 70 W Newport, NC
930 Pollock St. New Bern, NC

**Yard & Bulky
Waste
Collection**

When preparing yard waste...

All yard waste must be separated from any trash, garbage or rubbish.

Limbs

Limbs left for the City must be no larger than forty-eight (48) inches in length and five (5) inches in diameter.

All limbs must be parallel to the curbline and placed off street pavement and between roadside drain or ditch and front property line.

A maximum volume of one hundred twenty-eight (128) cubic ft. (8ft. x 4ft. X 4ft.) or a pick-up truck bed is set per week for every household.

Yard Waste

Yard waste includes grass, pine straw, weeds, hedge clippings, garden waste and leaves (excluding leaves only during the seasonal pick up dates.)

All loose yard waste should be contained in 30-gallon biodegradable paper bags or 32-gal. (max.) container that won't hold water.

LEAF SEASON

Leaf season—November 1st through January 31st. Bags or containers are not required for leaves during this season.

Leaves, excluding limbs, branches and pine cones, must be in a neat pile off the street and between roadside drain or ditch and front property line during this season.

Remainder of year from February 1st through October 31, leaves must be contained in a 30-gallon biodegradable paper bag or container no larger than a 32-gallon that won't hold water.

CHRISTMAS TREES

Christmas trees left for City pick-up must be natural and bare of all decorations and attachments.

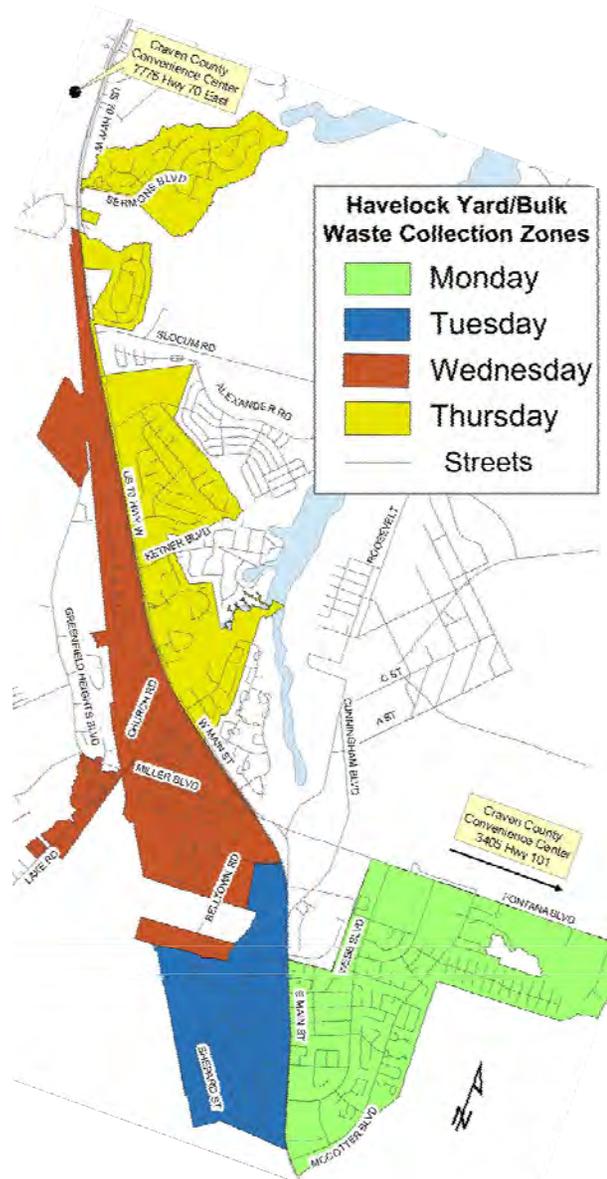

The City will collect trees to be donated the first Monday after New Year's until the end of the business week.

Also visit Christmas Tree Dune Rebuilding Projects all along the coast.

CONTRACTORS

All contractors are responsible for the proper disposal of any rubbish, building rubbish, garbage, trash or yard waste created. If contractors neglect this responsibility, it falls to the property owner.

To find more information and the scheduled routes, please visit: <https://www.havelocknc.us/city-services/garbage-recycling/>

IF THE CITY DEEMS YOUR YARD OR BULKY WASTE INAPPROPRIATELY ASSEMBLED, IT WILL BE REJECTED AND A NOTICE ALONG WITH A FLYER WITH GUIDELINES WILL BE PROVIDED. THE NOTICE WILL REQUEST IMMEDIATE REMOVAL. IF IGNORED, A NUISANCE WILL BE DECLARED AND ACTION WILL FOLLOW THE CITY'S CODE OF ORDINANCES.

Bulky Waste

Bulky Waste include brown goods such as furniture and mattresses and white goods such as appliances.

The City will only accept a maximum of **three (3) individual items or sets** that have been left off street pavement and between roadside drain or ditch and front property line of that household.

The City will pick up these allotted items as regularly scheduled.

REJECTIONS

Items the City will not collect:

- *Building rubbish – Rubbish from construction, remodeling, and repair operations on houses, commercial buildings, and other structures to include, but not be limited to, toilets, carpet, carpet padding, other flooring materials, mirrors, glass, kitchen cabinets, above ground pool components, wire, and fencing.*
- *Pallets*
- *Swing sets*
- *Cut-up whole trees or tree root systems*
- *Dirt and sod can be delivered to any Convenience Site.*
- *Electronics or batteries can be taken to the Monette's Convenience Site.*
- *Oil filters or oil can be recycled at automotive stores or any Convenience Site.*
- *Paint cans can be recycled at a local paint exchange from Easter to Thanksgiving.*
- *Tires can be delivered to Tuscarora Landfill in New Bern or a transfer station in Newport or Grantsboro free of charge.*
